

Rapid Fencing manufacture a large range of tubular steel fencing designs to enhance and protect. Choose from a simple design that is elegant and unobtrusive to a design that is stylish and compliments your surroundings. Panels can be manufactured to follow the slope of the ground ensuring that your pool is safe.

All fencing and gates are manufactured and installed to meet Australian Standards AS 1926 and AS 2820.

Choice of over 60 Powder Coating colours including the latest Colorbond® range of colours
